Connecting for Good:
From Idea to Action

Thursday, April 28, 2016 | 8:00 am to 5:00 pm | Modesto Centre Plaza
1000 L Street in Downtown Modesto

Join us for the third annual ***Connecting for Good*** event and learn how to create solutions for problems that seem too big to solve.

The 2016 ***Connecting for Good*** event will showcase the SMALLIFY Rapid Innovation Lab developed and presented by Dave Viotti. Viotti will lead a full-day action lab that produces results while building creative problem-solving skills and buy-in from event participants.

During the Innovation Lab, participants will create concepts that can be tested immediately with a goal of validating, iterating, and launching breakthrough solutions in months, rather than years.

Attendees will have the opportunity to choose between working on existing regional solutions at their tables OR purchase an entire table of ten to focus on their own organizational challenge to 'smallify' and solve during the day.

As a follow-up to this year's event, and thanks to a grant from the Prime Shine & Porges Family Foundation, participants will also have the opportunity to apply for a half-day action lab wtih Dave Viotti. Four groups will be chosen to spend more time with Viotti on May 31 and June 1, 2016. Application details to be announced at the event.

Individual Tickets: $35

Table of Ten: $300

Continental breakfast & lunch will be provided
